# Let Data find your new home

## Forsquare API

Data platform for understanding how people move through the real world.

## Nominatim API

Milan's Neighborhoods coordinates and information, retrieved from openstreetmap

# Because your lifestyle matters

## Close to home

Living so close to the office can make you more productive. Not only does it take less time to get to work, the convenience of having home nearby will make you more likely to put in that extra few minutes at the beginning or end of the day.

## Practice your hobbies

Once we find a hobby that we truly enjoy and are passionate about, we become hooked. It becomes part of our lives and captivates us in a very personal way.

# Methodology

Combine the two Data Source in order to create a list of venues with information regarding category and geographical data

Create the clusters with K-Mean

Plot the result on Milan City map
